Observations at Sections of the Fens

1 Bench Near Visitor Center

- Benches are underneath trees with acorns falling (in addition to bugs)
- Benches are very low to the ground, dirty
- Lots of joggers on multiple pathways
- Geese are in the water (came out of water around 3 PM to eat acorn seeds)
- Individuals are walking, mainly with earphones & phone in hand

2 Near Turf Field & Track

- More varied activities
  - Basketball, Soccer, Running
  - Two people crocheting together
  - People lounging on turf
- No geese present
  - Turf perhaps more pleasant due to lack of geese presence
- Benches on path face the street and not the park

3 The Crossing Path

- Around 2 PM the path became very busy
- People walking through the Fens
  - Often with grocery bags of different sorts (i.e Target)
- No clear bike path
  - Bikes and Pedestrians must share path
- No benches nearby
- Rose Garden is hidden
